## MIMIX® Availability™ 9.0.02

---

### Abstract

Syncsort announces the release of MIMIX Availability 9.0.02.00. This service pack provides either a new install or an upgrade from all previous service pack levels of MIMIX Availability 9.0 and 8.1.

The MIMIX Availability 9.0.02.00 download includes the option to install VSP 3.2.02.00, the browser-based user interface for MIMIX, on an IBM i platform. There is a separate download in Support Central to install VSP 3.2.02.00 on a Windows platform.

Syncsort strongly encourages customers to stay current by upgrading to the latest service pack for MIMIX Availability. Details of the fixes contained within this service pack can be found in the associated [ReadMe](#) document on the [Support Central](#) Downloads page.

### Minimum Requirements

Products	MIMIX® Availability™, MIMIX® Global™
